

85 - 265V

50 - 60Hz

-20 - +70°C

80.000 heures

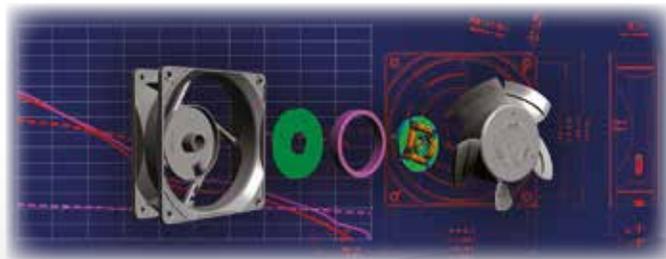

IP54

Possible options:

- Speed sensor
- Speed control
- Alarm
- Salt spray protection
- Shock and vibration protection

ROSENBERG VENDÔME is part of the ROSENBERG Group. We design, manufacture and sell electric motors and fans applications of ETRI brand since 1945.

AIR IS OUR ELEMENT

Thanks to a good comprehension of your project, our 75 years **KNOW-HOW**, and our **ADDED VALUE** as technical support, we validate and optimise together a **CUSTOMIZED** solution meeting outstanding **QUALITY** standards. Consult us right from the beginning of your design!

125E

THE AIR MOVEMENT GROUP

ETRI[®] 125E
Axial fan EC
120x120x38mm

Better performances in the same space as an AC

- Higher speeds than an AC motor
- Drive of the speeds of the EC motor for an optimized power consumption
- New design of the blade

Better acoustic comfort

- New design of the blade
- Adapted speed control

Customized solution

- Special design for your application
- Program “à la carte” of the MICRO-Processor (speeds, electric power consumption, noise level...)

Optimized maintenance of your application

Be aware in real time of the operating status of your device thanks to the integrated electronics

➔ Project Life Cycle Cost efficiency

Design can be used worldwide, regardless of the power grid available thanks to its voltage range
